Innovation in Solid Tire Performance

AMERITYRE K2

Amerityre Corp., Boulder City, Nevada, USA has developed an innovative new **KRYON™** material for use with industrial truck and material handling applications. The K2 can replace non-marking tires, universal press-on tires, electric tires and high-load rubber tires. Receive the latest industrial tire technology today!

- **Leading the Way**
- **NEW Solid Tire Technology**
- **Outperforms Rubber**
- **Carries Greater Loads than Rubber**
- **Lower Rolling Resistance**
- **Non-Marking**

Contact your nearest Amerityre K2 distributor today.

K2 Press-On Solid Tire

Part Number	Tire Size	Tread	Weight	Capacity @ 6MPH	Capacity @ 10MPH
